DETAILED ACTION

Priority

1. Applicant's claim for the benefit of a prior-filed application under 35 U.S.C. 119(e) or under 35 U.S.C. 120, 121, or 365(c) is acknowledged. Applicant has not complied with one or more conditions for receiving the benefit of an earlier filing date under 35 U.S.C. 120 as follows:

This application is claiming the benefit of prior-filed nonprovisional application No. 09/485,295 under 35 U.S.C. 120, 121, or 365(c). Copendency between the current application and the prior application is required. Since the applications are not copending, the benefit claim to the prior-filed nonprovisional application is improper. Applicant is required to delete the reference to the prior-filed application from the first sentence(s) of the specification, or the application data sheet, depending on where the reference was originally submitted, unless applicant can establish copendency between the applications.

In application SN 09/485,295, applicant was given 2 months from 15 September 2003 in which to file a response to a Notice to File Missing Parts. On 15 April 2004, applicant filed a petition for an extension of time to permit filing a response within a third-month time period subsequent to expiration of the shortened statutory period set in the 15 September 2003 Notice to File Missing Parts. The 3-month extension of time resulted in SN 09/485,295 being pending until 15 February 2004. Thus, SN 09/485,295 was abandoned on 16 February 2004. The instant application SN 10/824,442 was filed on 15 April 2004, two months after SN 09/485,295 abandoned. Thus the instant

application 10/824,442 and SN 09/485,295 were not copending. For the purposes of this Office Action, the filing date of the instant application is taken as 15 April 2004.

Election/Restrictions

2. Applicant's election without traverse of Species I in the reply filed on 10 July 2006 is acknowledged. In the response, applicant indicates that claims 1-3, 6, 11 and 12 read on the elected species. However, claim 11 was previously withdrawn as being directed towards a non-elected method and thus is not part of the elected species drawn to a device. Claims 1-3, 6 and 12 are examined herein.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-3, 6 and 12 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by WO 00/14809.

WO 00/14809 figures 1 and 12A-12D clearly anticipate the invention recited in claims 1-3, 6 and 12.
